

Writing Your Recovery

A Weekend to Explore Your Story

Discover ways to unearth and effectively express your story with the help of an editor with over twenty years, and millions of words, of experience.

One of recovery's primary texts suggests quite simply that we share "What we used to be like, what happened, and what we are like now." We will explore your story over the course of the weekend beginning with these guidelines, and from a variety of different angles using journaling, writing prompts, and other exercises. This retreat will point the way towards a richer memoir, one that can provide experience, strength and hope not just to you, but to others as well.
