

# WORKING WITH PARENTS IN RECOVERY FROM SUBSTANCE USE DISORDER

## How To Implement The Evidence-Based Parents In Recovery Program

Sponsored by:

The Fatherhood Project's (TFP) *Parents In Recovery* program teaches parents skills to increasingly be emotionally engaged with their children, which we know from research is a powerful component of relapse prevention.

### REGISTRATION INFO

**DATES:** Thursday, April 4 9am-4pm & Friday, April 5 9am-12:30pm

**LOCATION:** Wayzata, MN

**TUITION:** \$99.00

[www.thefatherhoodproject.org](http://www.thefatherhoodproject.org)

### PARTICIPANTS IN THIS NATIONAL TRAINING WILL:

- Learn about the content and process of all 10 sessions of the Parents In Recovery evidence-based curriculum.
- Observe The Fatherhood Project's leaders running live sessions from the curriculum and debrief participants' reflections.
- Learn about key findings from our current research about the Parents In Recovery Program.
- Discuss the challenges and opportunities parents face around the issue of reunification with their children.
- Leave with a plan to implement sessions from the Parents In Recovery curriculum in your particular setting.
